Infiltrator Acquires Delta Environmental Assets from Pentair

Infiltrator Expands Business with Addition of Advanced Wastewater Treatment Technology

Old Saybrook, CT – March 23, 2018 – Infiltrator Water Technologies, a leading manufacturer of products for the decentralized water and wastewater industries, today announced the purchase of Delta Environmental Products assets from Pentair Flow Technologies. Delta manufactures residential and commercial decentralized wastewater treatment system products.

Infiltrator has acquired the technologies, approvals, trademarks, and physical assets to produce the Delta Whitewater Series, ECOPOD series, and Delta Fabricated Treatment Plants from Pentair. These products will be sold under a new wholly owned subsidiary to Infiltrator named Delta Treatment Systems, LLC.

“We are excited to expand our product offering with the proven residential and commercial decentralized wastewater treatment systems developed by Delta Environmental Products. The family of Delta products compliments Infiltrator’s core business and helps to strengthen our industry leadership position,” said Roy E. Moore, Jr. President & CEO of Infiltrator Water Technologies.

About Infiltrator Water Technologies

Infiltrator Water Technologies manufactures and sells multiple product lines that meet stringent environmental and regulatory requirements for decentralized water and wastewater systems. The Infiltrator team built three of the world’s largest injection molding machines in-house, which produce a number of the largest injection molded parts in the world. Through its subsidiary Champion Polymer Recycling, Infiltrator is a leader in the use of “green materials” including post-consumer and post-industrial recycled plastics for the manufacture of products at its ISO 9001-registered manufacturing facility in Winchester, KY. The company competes on innovation through 150 granted or pending patents. Infiltrator is a portfolio company of the Ontario Teachers’ Pension Plan.

The Ontario Teachers' Pension Plan manages CAD\$180.5 billion in net assets as of June 30, 2017. Teachers' is the largest single-profession pension plan in Canada. An independent organization, it invests the pension fund's assets and administers the pensions of 318,000 active and retired teachers in Ontario. Teachers' is headquartered in Toronto with operations in London and Hong Kong and an office in New York City. For more information, including Teachers’ annual reports, visit <http://www.otpp.com>.
